APPROVAL OF STATE EN	GINEER
This is to certify that I have examined the foregoing application, and d	lo hereby grant the same, subject to the
following limitations and conditions: This permit is issued subject	ct to all existing rights on th
source. It is understood that the amount of water her	rein granted is only a temporar
allowance and that the final water right obtained unde	<mark>er this permit will be depen</mark> der
upon the amount of water actually placed to beneficial	1 use. It is also understood
that this right must allow for a reasonable lowering of	of the static water level at
permittee's well due to any other ground water develor	pment in the area. A sub-
stantial weir or other type of measuring device must b	be installed and measurements
of water use kept. The well shall be equipped with a	
depth to water. If well is flowing, a valve must be	
prevent waste. The State retains the right to regular	
granted at any and all times.	·
granted at any and all times.	:
